### 3. Individual Goals

Each group member must complete a row in the below table:

Name	Individual Goals
Lê Bá Tùng	I will aim to aim to finish all my labs to a high standard and to make sure that I will ask for help when necessary.
Đoàn Nguyễn Tuấn Anh	I will aim to develop myself throughout the Cos10026 course with new skills and better mind-set about Technology.
Nguyễn Thuận Khang	I will always aim to complete my labs on time and aim for the highest grade possible by doing my best.
Nguyễn Đỗ Nhật Nam	I will aim to learn new technical skills and taking all the labs on time.
Lầu Ngọc Quyền	I will aim to challenge myself new difficulties to enrich my knowledge about Web Development.

### 4. Group Goals

Our group goals are:

	<b>Group Goals</b>
<b>1</b>	Actively listening and Effectively communicating to solve the issues fastest way.
<b>2</b>	To guarantee the coherence of all efforts and the thoroughness and polish of the final output.
<b>3</b>	Attempt to receive the best grade possible using our knowledge and collaborative group work.
<b>4</b>	Must be able to cooperate and support one another as needed.

### **5. Group Expectations and Agreements**

All group members commit to being good team members and working as a great team by:

	<b>Group Commitments</b>
<b>1</b>	Resolve any issue with proper communication and make sure there are no conflicts in the group.
<b>2</b>	Complete the designated tasks on time by each team member
<b>3</b>	Making sure we complete the tasks with the standard it is meant to be done in.
<b>4</b>	Participate actively in group conversations by contributing ideas and hearing everyone on the team out.

During group meetings, we expect group members to:

	<b>Group Expectations</b>
<b>1</b>	To verify our progress and compliance with the assignment criteria, please share any fresh work that has been finished.
<b>2</b>	Actively participate in group meetings, and be on time.

<b>3</b>	Bring up any concerns that come up while working together to find solutions.
<b>4</b>	Pay close attention during meetings, setting up time and energy to fully engage.

#### **6. Group Contribution Rationale**

How does your group agree to attribute level of contribution by group members?

(For example, you group should map out what does 0%, 25%, 50%,75%,100% contribution mean to your team)

<b>Level of Contribution</b>	<b>Agreed Meaning of Contribution (Actions, Behaviours, Outputs)</b>
100%	Completing all delegated tasks and providing adequate communication throughout the assignment.
75%	Nothing
50%	Nothing
25%	Nothing
0%	Nothing

#### **7. Group Conflict Resolution**

How will your group manage any conflict around this process?

	<b>Group Conflict Management</b>
<b>1</b>	To consult with group members about any concerns regarding incomplete work or discrepancies in the project.
<b>2</b>	In order to address any potential issues, work together to develop solutions.

<b>3</b>	If you are unable to settle a problem within your group, let Dina or another unit adviser know.
<b>4</b>	Allow group members to voice their worries at meetings to promote cooperation and the settlement of disputes.
